Summary of Recommendation of Committee on Appropriations Compared to Recommendation of Committee on Children & Family Services: The second substitute bill limits service to preadoptive placements for the adoption support reconsideration program to children in preadoptive placements funded by the department.

Appropriation: None.

Fiscal Note: Available.

Effective Date Ninety days after adjournment of session in which bill is passed.

Testimony For: This legislation will provide services to families who do the right thing by adopting children to permanent homes. Right now, parents who adopt a child immediately can't seek services through the Department of Social and Health Services after the adoption. If only the parents would allow the child to go into foster care before adoption, they could seek services for special needs kids. This is a bad incentive and needs to stop.

Testimony Against: None.

Testified: Representative Suzette Cooke, prime sponsor; Jennifer Strus, Department of Social Health Services; and Laurie Lippold, Children's Home Society.
